UPDATE: June 17, 2013

2013 ROAD MAINTENANCE PROJECT: Crack Sealing

All Crack Sealing work identified in the 2013 Capital Improvement Program has been completed. This work was performed in conjunction with other road work and will aid in extending the service life of the roadway surfaces.

The Project Area included the following streets:

Street

Franklin Street – (Warren Street to Parallel Street)
Webster Street – (Warren Street to Mystic Valley Parkway)
Palmer Street – (Warren Street to Mystic Valley Parkway)
Beacon Street – (Warren Street to Mystic Valley Parkway)
Hamlet Street – (Medford Street to Beacon Street)
Lewis Avenue
Jean Road
Philips Street – (Franklin Street to Beacon Street)
Exeter Street – (Park Street to River Street)
Rawson Road – (Warren Street to Mystic Valley Parkway)
Dartmouth Street – (Rawson Road to River Street)
Cornell Street – (Rawson Road to River Street)
Bowdoin Street – (Rawson Road to River Street)
Amherst Street – (Rawson Road to River Street)

Due to on-site conditions and contractor efficiencies the Crack Seal Program was able to be expanded to include the following streets:

University Road – (River Street to Everett Street)
Wellesley Road – (River Street to Everett Street)
Yale Road – (River Street to Everett Street)

The Department of Public Works would like to thank residents for their cooperation during these improvement projects.
